

A Appendix

A.1 Details of Grayscale representation in preliminary study

Figure 1: Grayscale representation of all variables (Window 5: 128s~159s)

A.2 Time-varying features (Window 6: 160s~191s)

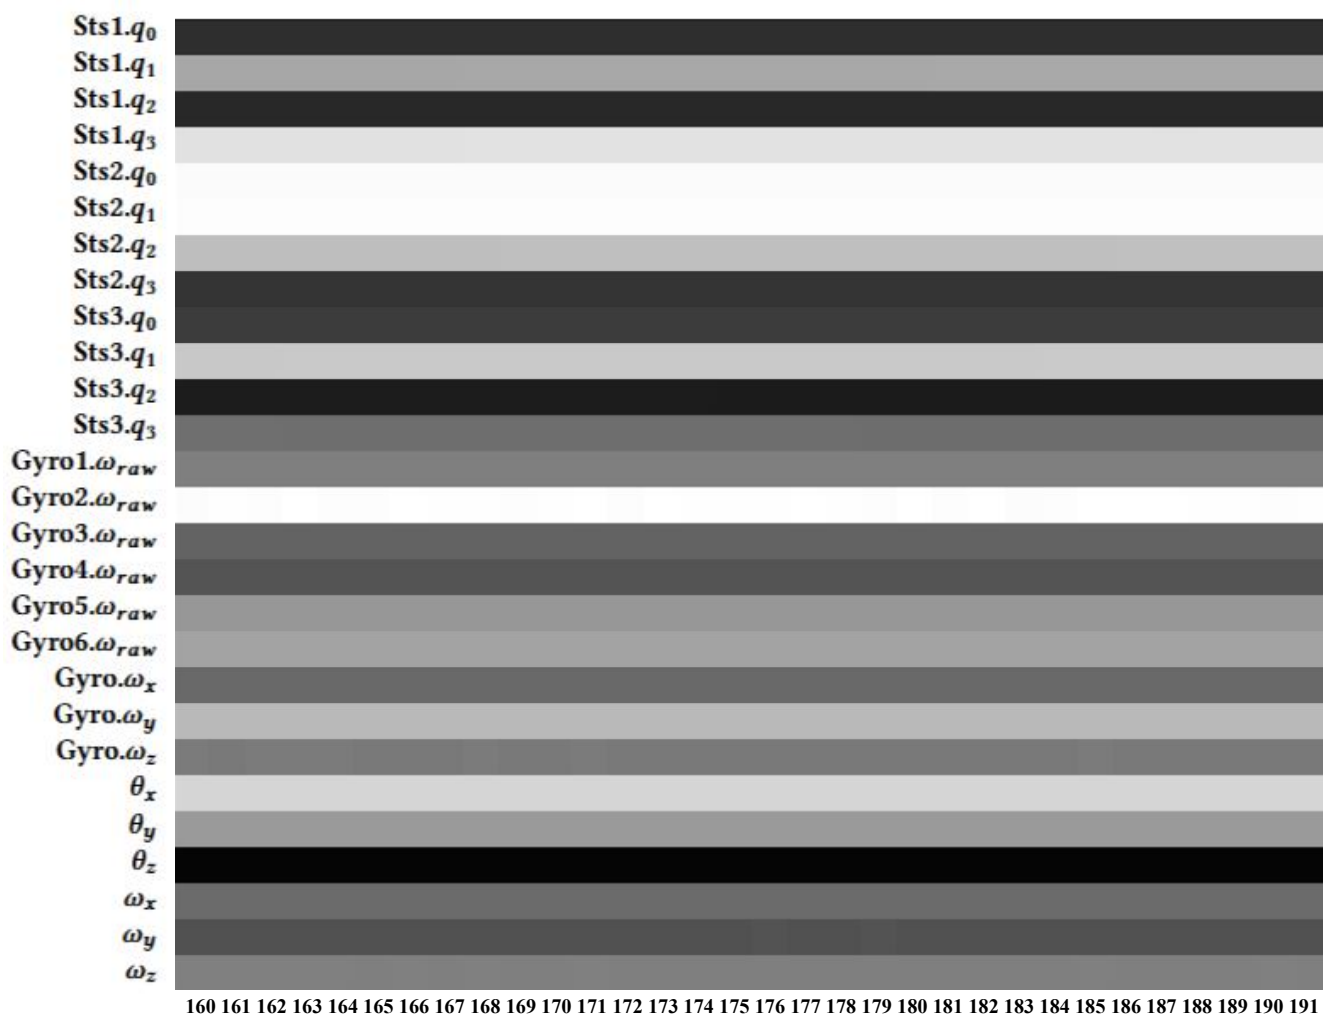

Figure 2: Original Observed Window

Figure 3: First-order Difference Window

Figure 4: Rolling Variance Window

A.3 residual graph before and after soft-thresholding (Window 6: 160s~191s)

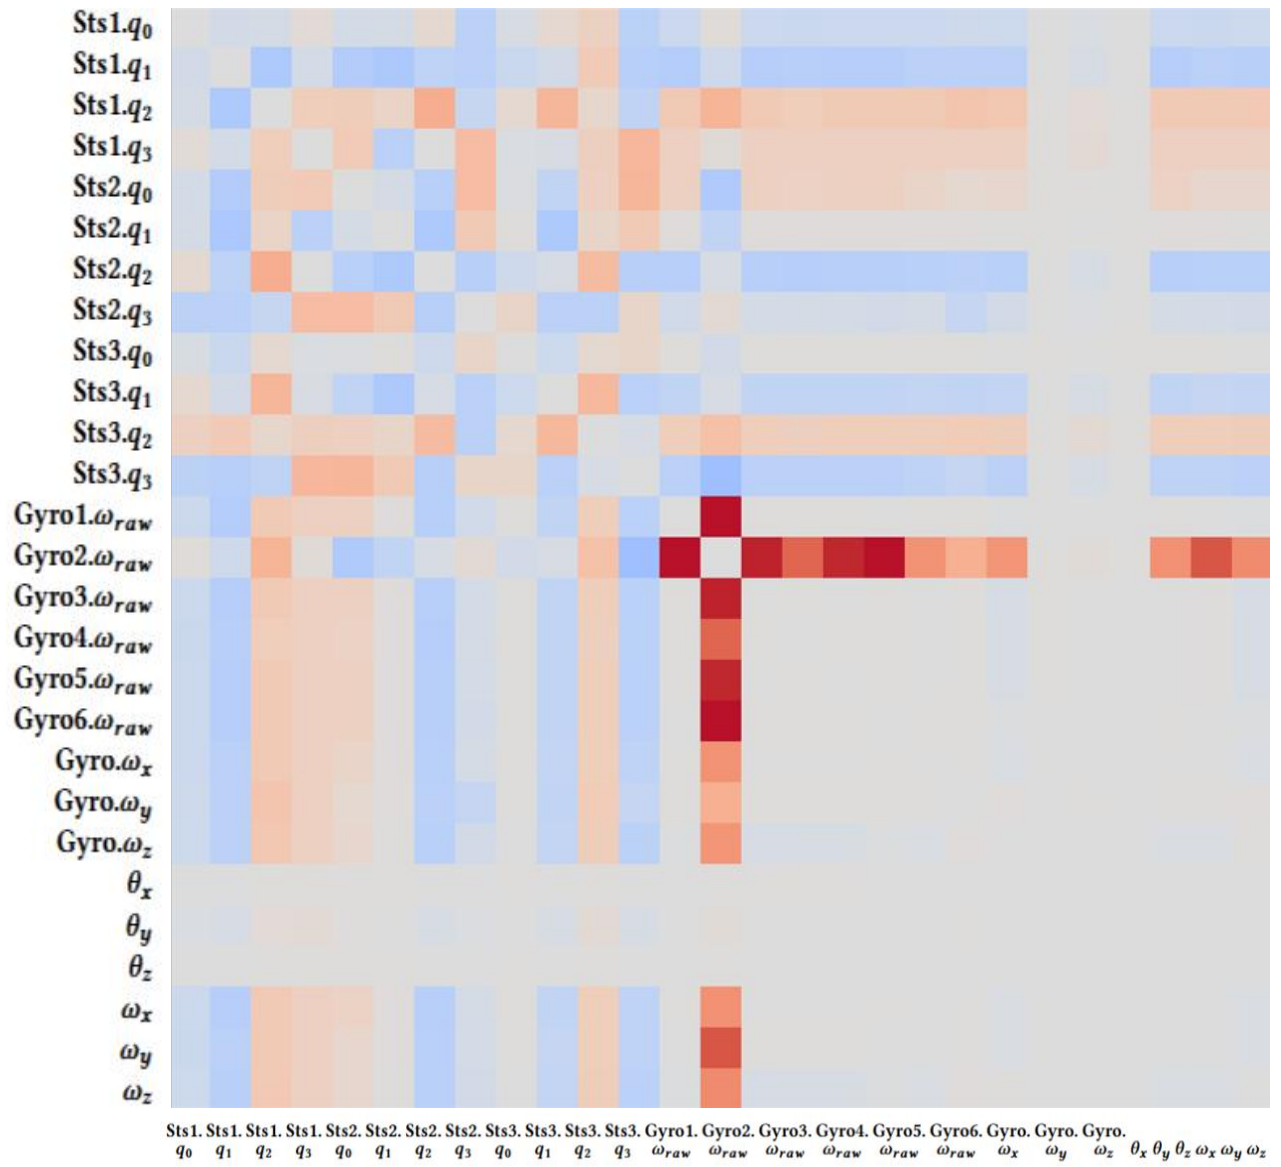

Figure 5: Before soft-thresholding

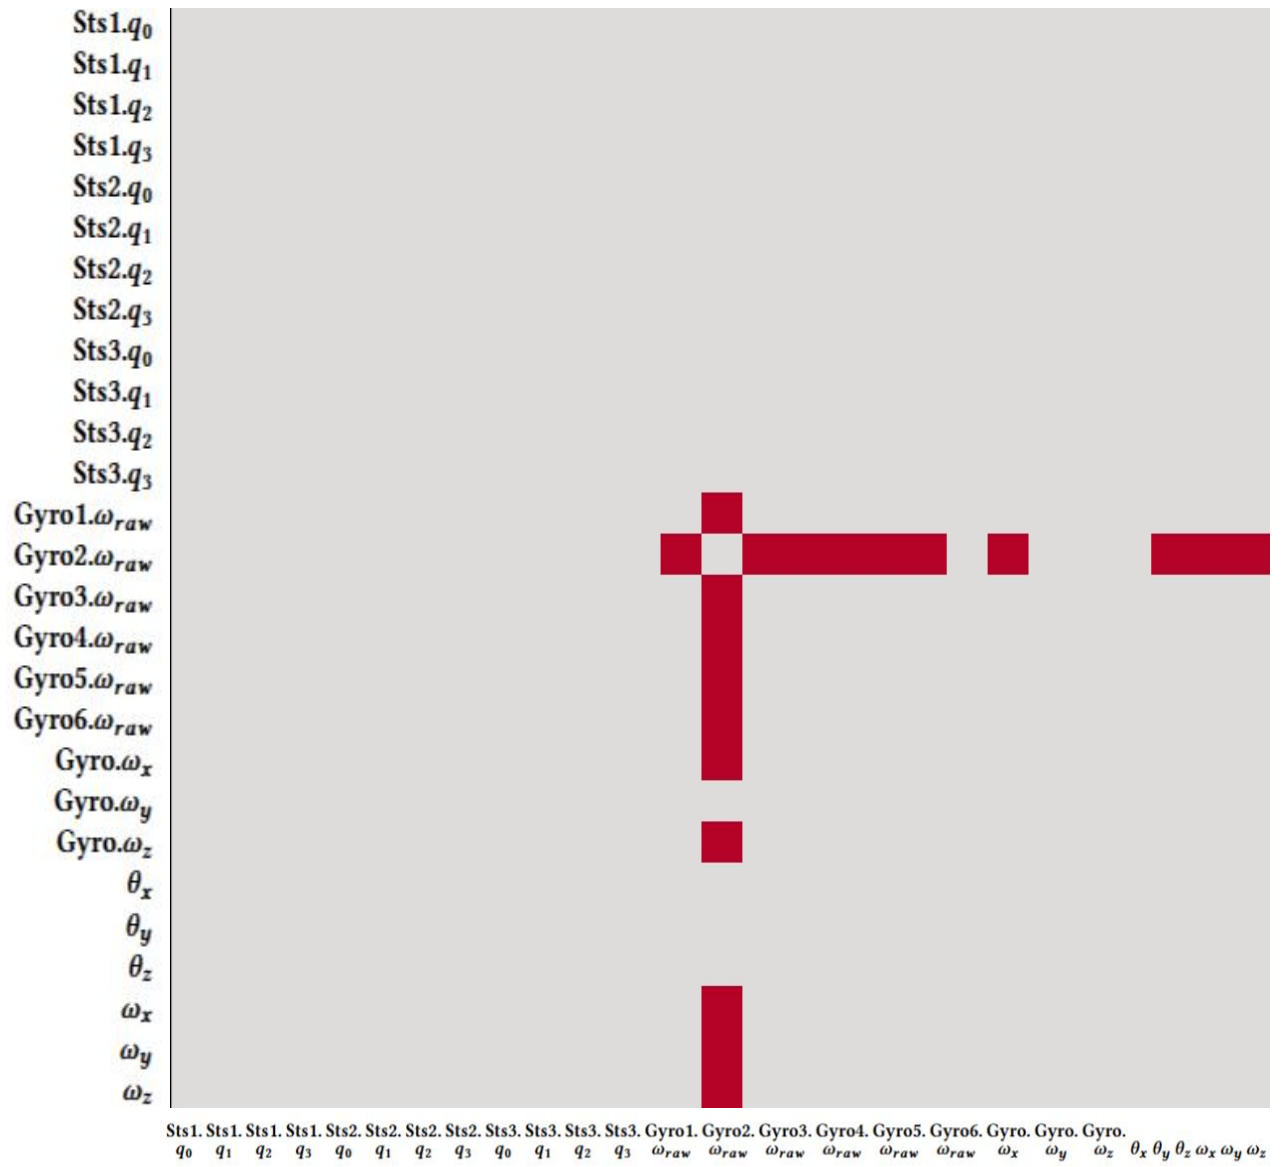

Figure 6: After soft-thresholding
